

Goto Statement In C: C Tutorial In Hindi #17.mp4 - VLC media player

Media Playback Audio Video Subtitle Tools View Help

## GOTO STATEMENT

- Also called jump statement in c
- Used to transfer program control to a predefined label
- Its use is avoided since it causes confusion for the fellow programmers in understanding the code.
- Goto statement is preferable when we need to break multiple loops using a single statement at the same time.
- Lets go to the IDE and understand more!
