Go to folder where gcc is installed (and open bin folder) → C:\Program Files\mingw-w64\i686-8.1.0-posix-dwarf-rt_v6-rev0\mingw32\bin

This PC → properties → Advance System setting → Environment variables → Path → Edit →New and then paste "C:\Program Files\mingw-w64\i686-8.1.0-posix-dwarf-rt_v6-rev0\mingw32\bin" → Then your work is done, close all opened programms
